Good Resolutions.

This is the season when everybody makes good resolutions. We, too, have made a resolution and it is that our missness point of the property of the public at large. To attain this we depend entirely on the little word VALUE. In future amouncements we shall deal with individual departments but here we shall, with a view to giving the reader an idea of the comprehensive nature of our business, enumerate some sive nature of our business, enumerate some giving the reader an area of the comprehensive nature of our business, enumerate some of the principal lines we handle. Our methods and prices and the quality of our goods are too well and favourably known to require comment on our part.
